99 - 35 days	50% cancellation fee

Please make sure that you have insurance at the time that you pay your Programme fees to ensure that you are covered against any eventuality that might prevent you from attending the Programme.

## **How do I send money with TransferWise?**

The following information was adapted from:

1. Sign up with TransferWise. You can sign up directly through the website or by following this link: <https://transferwise.com/invite/u/annez29>  
They will ask for your email address, and you'll create a password. You can also sign up by connecting to your Google or Facebook account.

**Tip:** If you already have a TransferWise account, go to Home on the website and choose Send money, or tap Send on the app, to set up a transfer.

2. Type in how much you would like to transfer. It is important that ISI gets the exact amount requested. To ensure that this is done correctly, type the specified amount into the 'Recipient gets' box. TransferWise will then automatically tell you how much you need to send.
3. Let TransferWise know what kind of transfer you're making. If you're paying in from a personal bank account, it's a Personal transfer. This will be the case for most students.
4. Fill in your details. They'll ask for your personal details, like your address. They need this info to comply with finance regulations, but will never share it.
5. Tell them who you're sending money to. Select the 'Business/Charity' option.  
Use the IBAN menu option (rather than the Local Bank Account) if transferring from abroad. You will need the following information for this section:

<b>Name:</b>	The Cambridge Security Initiative
<b>Email:</b>	<a href="mailto:isi@thecsi.org.uk">isi@thecsi.org.uk</a>
<b>IBAN:</b>	GB83 BUKB 2017 2070 3948 15
<b>Bank Code (BIC/SWIFT):</b>	BUKBGB22XX

For transfers within the UK, you may use the 'Local Bank Account' option and will need the following information:

**Sort Code:** 20-17-20

**Account Number:** 70394815

6. Review the details of your transfer. Make sure everything looks right. Please include your last name as a reference (If your last is too long, just include the first 5 characters)
7. Choose your transfer type and how to pay TransferWise will let you know the fees for each option, and how long it should take the money to arrive.

**Tip:** It's often cheapest to pay from your bank account. This means you'll have to go to your online banking or your branch, and then send the money to TransferWise.

8. That's it! After we've received your money, we'll confirm the transfer via email.
